The Over the Hills Gang Club was created to protect our right to ride on the great trails available to us. We love the Great Northern Minnesota outdoors, and the sport of ATV riding. We plan, create, and maintain about 74 miles of the hundreds of miles of trails in the area, including 26 miles of the year round Moose River ATV Trail. Goals of the club are:

1. Upgrade existing trails and build new ones to link our existing trails to other cities.
2. Keep our members informed on government regulations and issues that could affect our right to ride.
3. Be active members of the State ATV Association (ATVAM) to be sure we have a voice in any government decisions.
4. Improve the image of ATV riders.

Hold Club rides & have fun!

The Over The Hills Gang is dedicated to safe, and informed, ATV riding. We want to keep ATV riding available, and fun, with great trails, information, education and great people.

Map of Moose River ATV trail only. There are too many trails in the Outing and Emily areas to list.

Moose River Trail connects to the North Soo Line Trail, and the Aitkin County Trail system.
